TOGETHER WE CAN
**MAKE A
DIFFERENCE**

**PLEASE SUPPORT OPTOMETRY GIVING SIGHT AND OUR MISSION
TO END PREVENTABLE BLINDNESS AROUND THE WORLD.**

By donating, you can provide access to eye care and glasses to people in need.

IT TAKES VISION

For most of us, poor vision is easily corrected with a trip to the optometrist. But imagine if there was no eye care. You would struggle to read, hold a job, and provide for your family. You appreciate clear vision. But you may not realize the significant impact you can make for people in need. Your gift will contribute to giving someone access to an eye exam and a pair of glasses.

GIVING SIGHT IS GIVING OPPORTUNITY

Communities around the world suffer from unnecessary blindness or vision impairment simply because they don't have access to eye care. Optometry Giving Sight's goal is to solve this problem by focusing on support for long-term sustainable solutions in underserved communities.

With the generous support of donors, Optometry Giving Sight focuses on funding projects with the following initiatives:

TRAIN LOCAL EYE CARE PROFESSIONALS

ESTABLISH OPTOMETRY SCHOOLS,
VISION CENTERS, AND OPTICAL LABS

DELIVER EYE EXAMS AND LOW-COST OR
NO-COST GLASSES TO PEOPLE IN NEED

YOUR SUPPORT
CAN HELP CHILDREN
LIKE MBAMWABI

Photo and story courtesy of Operation Eyesight, our program partner in Zambia.

As his vision worsened, 13-year-old Mbamwabi from Zambia began to withdraw from activities, dropped out of sports, and lived in fear of having to read aloud from the chalkboard. But a comprehensive eye exam and a custom pair of prescription glasses, made possible by donations from people like you, put him back in the game and on track for a brighter future.
